

QI Macros and Data Mining One Day Workshop

Find the Million Dollar Improvement Projects in Your Data!

Even though the QI Macros are easy to learn and use, you might want a more in depth class on all its features and functions.

Is it right for you?

- Do you have 10 or more employees to train?
- Would you like to:
 - Save money on tuition and travel?
 - Get training tailored to your needs?
 - Get results as quickly as possible?

Schedule before year-end or budget for next year.

Other companies we have trained this year include:

- VA Butler
- VA Chicago
- VA Iron Mountain
- VA Madison
- VA Milwaukee
- VA Tomah
- Methodist Medical Center
