Announcing QI Macros Capability Pack for Excel

(January 1, 2013 – PRWeb) DENVER, Colo. – KnowWare International Inc. announces the QI Macros Capability Pack for Excel - a statistical tool used to help businesses evaluate stability and capability of processes using variable data such as time, cost, length, and weight. It is used by many industries, including: manufacturing, healthcare, and education.

The Capability Pack includes: XCharts (XmR for individual data, Xbar for 2+ samples) to evaluate stability; R or S Chart to evaluate stability; Values Plot of individual data points; Histogram with Cp, Cpk, Pp, and Ppk to evaluate capability; Probability Plot for analysis of data normality; and Capability Plot of within and between variation vs. specification limits.

For an example of the Capability Pack, visit: www.qimacros.com/control-chart/capability-six-pack/. Also available is a video tutorial: www.qimacros.com/training/videos/capability-six-pack/.

The Capability Pack is included with the purchase of [QI Macros Lean Six Sigma SPC Software](#), which is an add-in compatible with Excel 2000-2013 (PC and MAC). It is available for immediate download and consists of four parts: 1.) 46 charts and two “Chart Wizards” that use existing Excel data to create pareto, control charts, and histograms; 2.) more than 90 fill-in-the-blank templates for Lean Six Sigma; 3.) a Statistics Wizard; and 4.) data transformation tools, such as the PivotTable Wizard which automates data analysis.

Unlike complex statistical tools, the QI Macros can be used by anyone from students to Six Sigma Black Belts. Users most often say that the QI Macros is convenient and hassle free, easy to learn, works directly on Excel data, and automates the most commonly used Lean Six Sigma improvement tools.

At only \$199 (thousands less than competitors), QI Macros is the least expensive, most robust solution available on the market.

Download a 30-day evaluation copy of the QI Macros for Excel at: <http://www.qimacros.com/trial/30-day/>. Readers can also our free Lean Six Sigma “Yellow Belt” training at www.lssmb.com. For more information, testimonials, and pricing, visit: www.qimacros.com/excel-spc.html.
