QI Macros[®] Granted Certified Status by the Air Force

June, 2015 KnowWare International's QI Macros SPC Software for Excel has been certified for purchase by the Department of the Air Force (Headquarters Air Force Space Command). QI Macros works with Excel to create Lean Six Sigma charts, graphs and statistics.

Jay Arthur, owner/CEO of KnowWare International, led the effort to gain certification for QI Macros for Excel. This certification allows the United States Air Force to use QI Macros for Excel on standard desktop systems connected to the AF Network (AFNET) and AF SIPRNet and placed on the AF Evaluated/Approved Products List (AF E/APL).

The QI Macros SPC Software contains 40+ charts and over 100+ fill-in-the-blank templates that simplify Lean Six Sigma complexities. QI Macros for Excel works with Excel versions 2000-2013 (PC and Macintosh). At only \$229 (thousands less than competitors), QI Macros is the least expensive, most robust solution available on the market.

Download a 30-day evaluation copy of the QI Macros for Excel at <http://www.qimacros.com/trial/30-day/>. Readers can also sign up for a free email course on Lean Six Sigma. For more information, testimonials, and pricing go to <http://www.qimacros.com/qi-macros/excel-spc-software/>

Jay Arthur is the author of Lean Six Sigma Demystified, Lean Six Sigma for Hospitals, the Lean Six Sigma System, the QI Macros SPC Software for Excel, and Breakthrough Improvement with QI Macros and Excel: Finding the Invisible Low-Hanging Fruit (McGraw-Hill, March, 2014).
