

## QI Macros for Excel Exhibiting at IIE Annual Conference & Expo, May 31-June 2, 2015

KnowWare International Inc., developers of the QI Macros® SPC Software for Excel, will showcase the product at the Institute of Industrial Engineers Annual Conference & Expo in Nashville, Tennessee on May 31-June 2, 2015, Booth# 21. Statistical software is a key ingredient in improving and maintaining product quality in manufacturing by reducing delay, defects, and deviations as well as monitoring other key performance indicators (KPI).

[QI Macros® SPC Software](#) works in Excel 2000-2013 and is available for immediate download. QI Macros® has been simplifying process improvement and [Lean Six Sigma](#) for tens of thousands of customers since 1996. Thousands of manufacturers both small and large use the QI Macros® to improve product quality. Also, businesses ranging from automotive suppliers to state and Federal government use the QI Macros® to help reduce costs and boost productivity and profitability.

QI Macros® is the “Swiss Army Knife” of tools for companies embracing Lean Six Sigma which combines the speed and quality of the Toyota Production System (TPS). As an add-in for Microsoft Excel, QI Macros® does the math and draws the graphs required for SPC—Statistical Process Control. It also includes fill-in-the-blank templates for more exotic Six Sigma tools like Design of Experiments (DOE) and Quality Function Deployment (QFD)—two key elements of Design for Six Sigma.

The QI Macros® SPC Software contains 40+ charts and more than 100+ fill-in-the-blank templates for simplifying the complexities of Lean Six Sigma. And at only \$229 +S&H, they are the least expensive, most robust solution available on the market.

Readers can download a free, 30-day evaluation copy and user guide at <http://www.qimacros.com/trial/30-day/>. They can also sign up for our free Lean Six Sigma Lessons on line.
